

Ercros participates in the II Employment Fair in Almussafes

The Ercros factory in Almussafes participated in the II Employment Fair, an event co-organized by the Almussafes City Council and the Association of Industrial Parks and Estates of the Ribera Baixa (APPI). The objective of this fair is to serve as a meeting point between people looking for employment and local industrial companies. In this second edition it focused on outplacement and responsible hiring.

Xelo Aranda, head of industrial relations at the Ercros factory in Almussafes, represented the company at the event and attended to all the people who came to their information point to learn more about the company and the possible job offers it offers.

The fair was attended by 35 exhibitors and attracted around a thousand visitors, which underlines its growth and relevance in the region.
