

Great success of the Aranjuez open day

The Ercros factory in Aranjuez has organised an open day on the occasion of the celebration of its 75th anniversary and the inauguration of a new extraction plant, with an annual production capacity of 150,000 kilos.

About 450 people participated in the festive day, including staff, family, friends and retired staff. Throughout the day, three circuits were organized and visitors were able to visit almost all the factory. In each plant, small activities were coordinated to explain the operation of all areas.

At the end of the day, a barbecue was organized for the attendees.
