

Ercros participates in the 1st Monzón Business Race

Two Ercros workers arriving in the goal

Almost half of the staff at the Ercros factory in Monzón have participated in the First Monzón Business Race, with a 5 km route. In total, about 700 runners from 50 companies have participated.

The race has been organized by the Monzón-Cinca Medio Business Association and has had a solidarity objective: a part of each registration has been allocated to support those affected by DANA, through Cáritas.
